

OPPORTUNITY | Call for INTERNSHIP at IITH incubated Start-up

We're looking for 3 passionate Students who are willing to solve real-world problems with practical engineering skills along with enjoying some crazy adventures on the way! As our tagline says- Live with memories, Die with Experience!

Welcome to one of IITH's coolest part-time in-campus internships. ManaliSwing Offers one of the World's most creative Giant Swing allowing one to experience the adrenaline of 70m free fall (like Bungee jumping just way more interesting) with 100+ jump styles backed by artificial intelligence promising impeccable safety like never before in history. (Excited???) - Check this video out: <https://bit.ly/ManaliSwingVideo>)

We're looking for Bold innovators among students to gift this new era of adventure tourism to the World with our Team of 4 times internationally awarded engineers, Certified rock Climbers and adventure enthusiasts,

What are we looking for :

- Basic 3D Design knowledge i.e Any CAD Software
- No Experience is OK**
- A great passion in the field and a mind to go with it. Enthusiasm to handle any problem.
- An abundance of fearless opinions and the eloquence, intelligence, and passion to express them.

Perks of the Job

- Certificate, 3 personalized letters of Recommendation, Stipend
- Jump Coupons worth 50,000 (Giftable)
- Special Invitation to Guinness Book of World record attempt
- A roller-coaster of adventures.
- A team that has your back.
- More fun than you could ever imagine!
